SELECT POETRY. From the Keokuk Dispatch. Adressed to the Flies.

BY R. W. R.

You buzzing, bothering, filthy race! With open hand I'll give you chase; You should not roost upon my face, As I'm a sinner, E'en should I fail to ask for grace Over my dinner.

You have no manners-not a whit ! Right on my pudping there you sit, As if you owned it every bit-The dish and all; But faith! I'll gave you such a hit, I guess you'ill fall,

Down there you go, plump in the butter! Now busy, and kick, and sprawl, and splutter, You're welcome now to frisk and flutter, And bite-I'll risk ye; You're safe as drunkards in the gutter-Skinful of whiskey.

Mind there, Miss Fly. what you're about! That pot contains no cream nor krout, And when you're in, you'll find it out, By strength of mustard: But, faith, I'm glad you took that route, And missed the custard.

With ever protruding from your pates,, You clink like "settlers" to the plates, Especially, to mistress "Kates," That seems to please you; But, faith, you'd better leave the States, Than have her seize you.

When in my chair, I take my doze, You perch yourselves right on my nose, Or eise you creep beneath my clothes And act uncivil; You would disturb, in his repose, The very devil.

You should not bite young lasses so. Through stocking holes about the toe; You know they'd blush before a beau To stop and scratch it.

Your impudence I can't abide; Miss Flies! if you had shame or pride, My pen you would not thus bestride Without a saddle; And, while I write, stick on to ride, Squaw-like, a-struddle.

Oh! for one cold December night, With stormy winds that fiercely fight, To drive these hateful plagues from sight Back to old "Cairo," Where Moses called them forth to bite The host of Pharach,
